// CORE COMPETENCIES

WHAT WE BUILD.

- **Tier-2 supplier sourcing** for Prime Contractors and Tier-1 OEMs in defense, transportation, and machine & equipment building programs
- **Multi-process metal fabrication** under one roof: concept-to-production engineering, cutting, forming, machining, welding, assembly, and finishing
- **ITAR-controlled and CUI-handling capability** for defense technical data and program flowdowns
- **AWS-certified structural welding** across nine AWS codes, including D1.1 steel, D1.2 aluminum, D1.3 sheet steel, and D1.6 stainless
- **Prototype through low-/mid-volume production:** first-article development, validation runs, and ongoing program build
- **Tight-tolerance CNC machining** down to $\pm 0.0005"$ on Haas VMC and EC-500 class equipment

// DIFFERENTIATORS

WHY NTM.

// 01

Veteran-Owned · Family-Owned

100% U.S. veteran ownership. Family-operated since 2003, single point of accountability from quote through delivery.

// 02

6 Services Under One Roof

No subcontracted process. Design & development, cutting, forming, machining, welding & fabrication, assembly & finishing, all in-house at the same New Franken, WI facility.

// 03

Defense-Grade Compliance

ISO 9001:2015 Certified · ITAR Compliant · DDTC Registered · DFARS Material Compliant · NIST & CMMC Cybersecurity Compliant · SAM Registered · AS9100D-Aligned QMS

// 04

Wisconsin Defense Corridor

36 mi from Pierce Manufacturing · 58 mi from Fincantieri Marinette Marine · 70 mi from Oshkosh Defense, same-day LTL to the densest defense-supply cluster in the Midwest.

// IN-HOUSE CAPABILITIES

SIX SERVICES. ONE ACCOUNTABLE TEAM.

// 01

Design & Development

DFM Review · Prototyping · SolidWorks · AutoCAD · Value Engineering

// 02

Cutting

Mitsubishi CO2 & Fiber Lasers · Strippit Turret · Saw · Shear

// 03

Forming

Accurpress & Safan Press Brakes · Rolling

// 04

Machining

Haas EC-500 · VF-4 Mills · ST Lathes · $\pm 0.0005"$ tolerance

// 05

Welding & Fabrication

TIG · MIG · FANUC Robotic · AWS-certified across nine codes

// 06

Assembly & Finishing

Haeger Pemsertion · Timesavers · Final Assembly · Packaging

// MATERIALS WE RUN

CARBON STEEL	STAINLESS STEEL	ALUMINUM ALLOYS
COPPER	BRASS	EXOTIC ALLOYS

// INDUSTRIES SERVED

DEFENSE	TRANSPORTATION
MACHINE & EQUIPMENT BUILDERS	

// PAST PERFORMANCE
PROGRAMS SERVED.

Defense

- Structural weldments and body components for tactical-vehicle programs across 20+ vehicle platforms
- ITAR-controlled drawings and CUI data handled under in-house cybersecurity controls
- NAICS 332322 / 336992 program experience (sheet metal work, armored vehicle / tank components)

Transportation

- Fire apparatus structural weldments and body components, Pierce Manufacturing programs (36 mi from NTM's facility)
- Refuse vehicle, cement mixer, cargo trailer, and airport vehicle sub-assemblies
- Automotive body panels, brackets, frames, and structural sub-assemblies

// AWS WELDING CODES

D1.1 STEEL	D1.2 ALUMINUM	D1.3 SHEET STEEL
D1.6 STAINLESS	D8.1 AUTO SPOT	D8.9 SPOT TESTING
D9.1 SHEET METAL	A2.4 WELD SYMBOLS	
A3.0 WELD TERMS		

// NAICS CODES

332322 SHEET METAL WORK	332999 FABRICATED METAL
332710 MACHINE SHOPS	332313 PLATE WORK
336992 ARMORED VEHICLE / TANK	
336999 OTHER TRANSPORTATION	

Machine & Equipment Builders

- Packaging equipment structural fabrication and sheet-metal sub-assemblies
- Paper converting, drying & curing systems
- Commercial appliance, power equipment, material handling fabrications

Compliance & Quality

- ISO 9001:2015 certified since 2007 · 99.25% customer quality rating average
- AWS-certified welders across nine codes · CWI inspection on call
- AS9102 FAI, PPAP & ISIR submissions · FARO Quantum X.E. CMM inspection
- MTRs and Certificates of Conformance (C of C) on every defense / DFARS program
